# CARBON FOOTPRINT CERTIFICATE

<b>LCIE n°</b>	170360 / 759870
<b>CLIENT</b>	IPPAG
<b>CFP METHODOLOGY</b>	Note méthodologique Carbon Tracking Tool IPPAG (version of 8th Avril 2021)
<b>CFP CALCULATOR</b>	IPPAG CARBON TRACKING TOOL (version of 8th Avril 2021)
<b>CONFORMITY</b>	CFP Methodology and CFP calculator are in conformity with the principles of ISO 14067:2018. The critical review has been done in compliance with ISO 14071:2014.
<b>NOTIFICATION</b>	The verifier recommends using specific data for the calculation of each CFP. The auditor also recommends improving accuracy of models applicable for electronic products.
<b>LIMITS</b>	<p><i>Any change to the audited documents renders the certificate invalid. A new verification by Bureau Veritas is necessary.</i></p> <p><i>The verification certificate does not include the CFP results from the calculator. To obtain a verification certificate for each CFP, Bureau Veritas must perform a control audit (outside the scope of the certificate). If communicated, the CFP must be attached with information on the level of uncertainty of the results.</i></p>
<b>VERIFIER</b>	Damien PRUNEL, LCIE Bureau Veritas
<b>LOCATION, DATE</b>	At Moirans May 7, 2021
